## THE BILL McCOLLOM ENDOWED SCHOLARSHIP

In addition to two scholarship awards of \$1,500 the New England Master's Foundation will also award a \$2,000 scholarship in the name of Bill McCollom.

Bill was a writer, school administrator, teacher, coach, and so much more. Viewing his life as a series of new adventures, he was a man of perpetual motion, a fixture at local ski mountains, tennis courts, bike trails, on theater stages, and in various local organizations. Each of these activities became his community and he welcomed all to join him.

Bill's contributions to skiing are too many and too diverse to adequately list, but include skiing at Holderness School, racing as an all-American for Middlebury College in the 1960s, competing in the 1967 World Cup downhill at Cannon Mountain, coaching at Harvard, serving as Headmaster at the Killington Mountain School, serving as a ski racing journalist, and maintaining an editorial column in Ski Racing Magazine called "The Finish Line".

Beyond the many successes one could point to, Bill will be remembered by his friends and competitors as an ambassador for the sport he loved so much. He had a clear passion for skiing, and pulled as many people as he could into its community.

Bill exemplified many admirable characteristics through his thoughts and actions. Please select one topic from the list to write how it applies to you:

**Community involvement** – Please describe your role as a member of a community (school, church, ski team).

**Ambassador** – describe how you may have welcomed or encouraged someone to fit into a new setting you were part of.

**Competitiveness** – Describe a situation where, whether you won or lost, you used what you learned to encourage a positive competitive experience.

**Leadership** - How do you support your teammates and other competitors?

**Coach** – describe the characteristics of coaching that you admire. How do you demonstrate those characteristics in your life?
